For immediate release.

Melbourne, Victoria.

COR CAPITAL WELCOMES NEW PORTFOLIO MANAGER

Cor Capital is pleased to announce the appointment of **Michael Brown** as Portfolio Manager, further strengthening the firm's investment capability. He will work closely with Tom Rachcoff and Scott Chessum on the Cor Capital Fund and also provides the business with the opportunity to explore other capabilities.

Michael brings to the business an extensive funds management background, having held senior leadership roles throughout his career in portfolio management and institutional sell-side research. Before joining Cor Capital, Michael was an investment manager at Thundering Herd. His earlier roles included Head of Australian Equities at The Myer Family Company Limited and co-manager of the Aviva Investors High Growth Fund. He began his career with Merrill Lynch and was #1 rated analyst in basic materials and in building materials and #1 rated in small companies, before moving into research sales at ABN AMRO, where he managed key institutional relationships.

Commenting on the appointment Tom Rachcoff said, "We are pleased to welcome Michael to the firm, to further bolster our class leading investment results. We have worked with Michael before, and we are excited he has chosen to join us. Michael's appointment in conjunction with the specialty knowledge within our Investment Advisory Committee, augurs well for our flagship fund to be available to more investor groups."

Michael said: "There has been limited choice for investors seeking genuine liquid alternative investments. The Cor Capital Fund provides proven exposure to a non-correlated return source. It provides investors a diversifier in their portfolios beyond private equity, credit and traditional approaches. I look forward to working with the team."

Scott Chessum added: "Our focus remains on delivering a disciplined, liquid investment strategy that combines diversified sources of return with careful risk management. As the business grows, maintaining the consistency of that approach will remain central to how we manage the Cor Capital Fund."

About Cor Capital

Cor Capital is an independently owned boutique Australian fund manager specialising in liquid alternative investment strategies. The firm's flagship Cor Capital Fund has a successful long-term track record of risk adjusted performance, through its proven factor-based investment strategy, delivering uncorrelated growth that minimises medium-term drawdowns.

Our investment strategies are available via the Cor Capital Fund and customised mandates.
